2016 IN REVIEW

NEUROQUANT PRODUCT ENHANCEMENTS

LesionQuant™
Lesions, Quantified.

Comprehensive FLAIR lesion data (identification, volume, lesion burden and size distribution) to aid in disease progression monitoring.
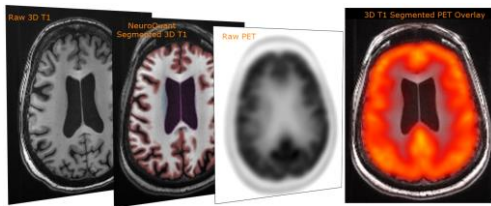

Raw 3D T1 | NeuroQuant Segmented 3D T1 | Raw FLAIR | FLAIR Lesion Change | FLAIR Lesion Segmentation

A NeuroQuant product.

PETQuant™
PET Studies, Quantified.

Automated and fast analysis of PET brain studies to quantify subregional tracer binding in native brain space.

Raw 3D T1 | NeuroQuant Segmented 3D T1 | Raw PET | 3D T1 Segmented PET Overlay

For research use only.

NeuroQuant is now Health Canada LICENSED and REGISTERED in South Korea
